I prefer to be contacted by telephone mail (please be sure we have your email address)

WHY DO WE REQUEST YOUR EMAIL ADDRESS?

Email is the most cost-effective and most immediate means of communicating within our parish community. With over 3,000 households in our parish, every parish-wide first class mailing costs us many hundreds of dollars in postage plus paper, printing and envelopes. Bulk mail rates are, of course, considerably cheaper but also considerably slower. While email will not completely replace conventional mail, it will, over the course of a year, save us a significant amount of money and time that can be better used for programs and ministries that touch peoples' lives and build their faith. If you do not have access to email, we will continue to contact you by conventional mail or, when necessary, telephone.

YOUR EMAIL ADDRESS IS SAFE WITH US.

Please be assured that St. Hubert Catholic Community considers all of your personal contact information, including your email address, to be confidential information. It will not be given or sold to any business or organization nor will we use it to contact you for purposes other than those involved in the life of our parish community.
