

## **Technology Meeting Minutes** **2/10/10**

Attendees: Erin Deeney, Colleen Hannigan, Connie Klingelhutz, Brie Blahauvietz, Natalie Eiden, Mark Agnew, Scott Zaske, Annie Kandiko, Jill Kunze

Minutes from the January meeting were motioned for approval by Connie Klingelhutz. Colleen Hannigan seconded the motion. The January minutes were passed.

Masters Raffle Update: 201 tickets sold for the raffle. We did make a profit, but it was small. If approved by administration, we have decided to move ahead with the raffle for next year. Brie has a contact list for 400 golf clubs in the state. We are looking at selling tickets at golfing events. Having a whole year to plan, and targeting the main golf season, will promote ticket sales. School staff will be asked to help step in and volunteer to sell tickets and work events. The Master's website will be updated, flyers will be revamped, and we will look at purchasing posters to help promote the event. We will contact the Spring Fling committee to see if we can promote ticket sales during the event. The Master's will be April 4<sup>th</sup>, 2011.

Fund a Need at Spring Fling will be for technology this year. We need an additional computer lab to accommodate all of our students. The location for the additional lab is still being negotiated. The actual cost is being figured as well. If the Fund A Need brings in enough money, purchasing interactive whiteboards to include in the two labs was also suggested. Having teacher training for all the staff members will occur. The committee also suggests pursuing the purchase of interactive whiteboards for most classrooms.

Colleen, Natalie, LuAnn, and Connie have been working on the tech plan. Colleen will get what they have typed up and sent to the committee members next week. All committee members should read and make notes prior to the meeting and be prepared to discuss.

Barring any snowstorms, the next meeting is scheduled for March 9<sup>th</sup> at 7:45am in Rm 137.
