

Technology Meeting Minutes
3/9/10

Attendees: Connie Klingelhutz, Erin Deeney, Brie Blahauvietz, Colleen Hannigan, Mary Feyereisen, Luann Berg, Jill Kunze, Scott Zaske

More speakers have been donated from getSTEM. We now have enough for all of the LCD projectors.

The Spring Fling Fund A Need is for an additional computer lab. Colleen has people coming in to bid on rewiring the room for a new lab. We are hoping to purchase the computers, tables, and chairs for the new lab in addition to the wiring.

Masters raffle: We are working on pricing for flyers, postcards, letterhead, and tickets. There will be different flyers for the different seasons to help promote sales. We will coordinate selling times with the school calendar. Brie has a listing for the golf courses in the state of MN to help build up our database. We will be using these contacts to ask for help promoting ticket sales. A selling script has been developed to use for potential golf partners. Technology committee members will start calling to promote advertising for the raffle. Colleen and Connie will be meeting with people from Highland Catholic, who have had 3 successful raffles, to get some tips from them.

Technology Plan: We are following the set up of the MN Department of Education technology plan. We need to create a needs assessment for our technology department. We will look over the draft that was created so far, and edit for the next meeting. Colleen will be emailing questions out for the committees review.

The next meeting is scheduled for Tuesday, April 13th at 7:45 in room 137.
